

Please Help Save our Beautiful Island!

Tokashiki Village

As of April 1, 2011

# “Environment Support Tax” Starts

Why have an “Environmental Support Tax”?:

Tokashiki Village has long worked for our local tourism industry by committing significant funds to clean-ups and conservation of the natural environment and to improvements and maintenance of tourism resources such as beaches and parks. However, severe fiscal circumstances make it no longer possible for us to fully subsidize or handle challenges only with cost-cutting efforts.

Therefore, the Village has adopted a “Tokashiki Village Environment Support Tax” to cover costs for the proper conservation of our resources and environment and their beautification.

## Tax Charge:

¥100 per person entry to Tokashiki Island

Junior high school students or younger and/or individuals with certificates of physical/mental disability are exempt.

Thank you for your understanding and cooperation.
